FitStart

Idea

FitStart is a mobile fitness application designed for users of **all fitness levels**, from beginners to experienced individuals. The app provides guided workouts, personalized training plans, and progress tracking features that adapt to each user's goals, fitness level, and preferred workout environment (home or gym).

Purpose

The purpose of FitStart is to make fitness structured, accessible, and sustainable for everyone. The app aims to:

- Help users **build and maintain consistent exercise habits**
- Provide **customized workout plans** based on individual goals (e.g., weight loss, muscle gain, endurance, general health)
- Offer **adaptable workout intensity** for different experience levels
- **Track progress and motivate users** through measurable results

Intermediate Fitness Enthusiast

Adam Ali

Persona 1

Key Goals

- Build lean muscle mass
- Improve strength gradually
- Maintain moderate body fat
- Stay consistent despite academic workload
- Track progress clearly and efficiently

“I want a structured way to track my workouts and make sure I’m improving over time.”

Education

Bachelor’s Degree (in progress)

Lifestyle

Balancing school, work, and gym

Personality

Disciplined, competitive with himself, motivated by visible improvement, structured and progress-oriented.

Digital Behavior

Uses smartphone during workouts to log sets and reps, reviews progress weekly, occasionally tracks nutrition, adjusts workouts when progress slows.

Preferred Devices

Smartphone, occasionally smartwatch

Training Environment

Motivated by measurable progress, performance metrics, and personal improvement rather than social validation.

Tracking Needs

Clear visualization of long-term progress, performance comparison over time, structured workout logging.

Age
25
Years Old

Occupation
Full-time student, part-time weekend employee

Location
Montreal, Qc

Pain Points

- Hard to visualize long-term progress
- Limited time due to academic responsibilities
- Inconsistent tracking across tools
- Unsure whether training intensity is optimal

End Goals

- Develop a muscular, athletic physique
- Improve strength consistently
- Maintain long-term fitness
- Balance academic success with physical health

Weight Loss Beginner

Daniel Murphy

Persona 2

Key Goals

- Lose 20–25 kg gradually
- Reduce body fat percentage
- Improve energy levels
- Build basic fitness habits
- Develop a sustainable healthy lifestyle
- Improve self-confidence

“I just want something simple that helps me lose weight without feeling overwhelmed.”

Age
29
Years Old

Occupation
Customer
Support
Representative
(Full-Time)

Location
Montreal, Qc

Education

Bachelor's Degree

Lifestyle

Desk-based job, mostly active during evenings

Personality

Insecure about body image, motivated but easily discouraged, needs guidance, prefers simple and beginner-friendly instructions.

Digital Behavior

Downloads fitness apps but often stops using them, tracks weight occasionally, uses smartphone frequently, has tried YouTube workouts, struggles with consistency.

Preferred Devices

Smartphone

Training Environment

Recently joined a gym but feels intimidated.
Occasionally walks in the neighborhood.

Tracking Needs

Clear weight trends, small milestone tracking, visible habit streaks, simple progress summaries.

Pain Points

- Doesn't know where to start at the gym
- Overwhelmed by complex workout programs
- Feels judged in gym environment
- Difficulty maintaining motivation
- Struggles with consistency
- Doesn't see quick results and loses hope

End Goals

- Lose significant weight safely
- Feel confident in social settings
- Develop long-term healthy habits
- Improve stamina and daily energy
- Fit into old clothes comfortably

Thank you!
